The following listing of claims will replace all prior versions and listings of claims in the application.

LISTING OF CLAIMS

1. (Canceled)

1 2. (Currently Amended) The apparatus as defined in Claim [[1]] 5
2 wherein that portion of the ram means that holds the housing is movable along a radial
3 direction.

1 3. (Currently Amended) The apparatus as defined in Claim [[1]] 5
2 wherein the ram means is movable through and out of the tube to a position convenient
3 for the user of the apparatus to install and dismount the housing and air bag onto and
4 off from the ram means.

1 4. (Currently Amended) The apparatus as defined in Claim [[1]] 5
2 wherein the air bag is rammed directly into the cover.

1 5. (Previously Presented) A folding apparatus (100) for inserting an air
2 bag and housing into an interior cavity of a cover, the apparatus comprising:
3 an arcuately shaped tube, the tube sized to slidably receive the housing
4 and permit the air bag to be drawn up into the tube, the tube including an open first end
5 oriented so that a plane through the first end is at a desired orientation;
6 a ram means movable through the tube for holding and moving the
7 housing and air bag through the tube;
8 a holding means for orienting the cover so that its internal cavity is in
9 alignment with and adjacent to the first end such that the housing and air bag can be
10 rammed into the cover cavity; and
11 wherein the ram means includes first means for rotating the cover,
12 housing and air bag and wherein the first means includes a support portion for holding
13 the housing, the first means is rotatable to a preferred orientation to enable the user of
